

ORTHOPEDIC SURGERY – NURSE PRACTITIONER
Department of Nurse Practitioners, Providence Health Care
Vancouver, British Columbia

Providence Health Care (PHC) invites applications for a full-time ORTHOPEDIC SURGERY NURSE PRACTITIONER based at St. Paul's Hospital, a University of British Columbia affiliated teaching hospital. PHC is a leading teaching and research organization. We are known for our centres of excellence and recognized for a number of specialty programs and services. The department of nurse practitioners is actively involved in the care of patients with a wide spectrum of health and system improvements with Providence Health Care.

We are seeking a Nurse Practitioner for Orthopedic Surgery, to care for this subspecialty who have complex and chronic health issues. The Nurse Practitioner will also work closely with the interdisciplinary team regarding discharge planning for patients and will liaise with community resources to support best practices.

Providence Health Care is committed to providing a mentorship program that will assist the Nurse Practitioner excel in this subspecialty. If you have surgical experience or have worked with orthopaedic patients, or are interested in a new dynamic opportunity, we would like to hear from you. Be part of a leading edge clinical and academic team in this subspecialty!

The successful candidate will have current or be eligible for registration with the British Columbia College of Nursing Professionals (BCCNP), with recent relevant clinical nursing experience.

Providence Health Care hires on the basis of merit and is committed to employment equity. We encourage all qualified persons to apply; however, Canadians and permanent residents of Canada will be given priority.
