

VCH / PHC

Quality Showcase

Tuesday, December 1, 2020 4:30pm - 6:00pm Zoom

This year, the COVID-19 pandemic has challenged us and brought us together in ways that we never imagined.

Join us for a conversation on how we continue to support a culture that strives to do what is best for our patients, and how we can create joy and pride in our work. With a focus on Quality Improvement and Patient Safety, the session is an opportunity for frontline providers to connect and share our culture of quality and patient safety during the pandemic.

Featuring excerpts from the documentary:

To Err is Human

Small Group Facilitation by:

Dr. Adrienne Melck

PHC Endocrine and General Surgeon,
Physician Consultant for the PHC Strategic Pillar of
"Exceptional Quality, Safety and Value".

Barbara Casson

Director, Client Relations & Risk Management, VA,
Patient Care Quality Office

Camille Ciarniello

Corporate Director, Quality, Patient Safety, Risk
Management, Patient Relations & Infection Prevention
and Control, PHC
